## UPGUARDS AND AT THEM

The Potters Have Cut the Price of Selling Ware.

### THE ENGLISH LIST ADOPTED

There Will In Future Be an Open Market at 60 Per Cent—All the Manufacturers Were Figuring This Morning to See How They Will Come Out—Must Meet English Prices in Order to Run.

If low prices will sell crockery the manufacturing potters of America propose to place their ware in every store in the country having decided at the Pittsburgh meeting, yesterday, to adopt the English scale, and give an open market of 60 off for all who want to buy.

The meeting was attended by representatives of all the firms, and there was a troubled earnestness which showed in the face of every man at the gathering. They have seen their customers leave them one by one, and have been unable to check the rush of orders to England. Day after day the order books have shown a lighter load until the men who have money in the enterprise could stand it no longer. At one time it was hoped the importers would stand by the old prices, and give the Americans a chance at their new market, but the avaricious disposition of Isador Strauss would not permit it. He wanted the whole porker now that he had an opportunity, and he began shaving prices with an ambitious view of capturing the whole trade. It was fun and money for the importer, and others of his kind followed in his footsteps. When the strike ended they could not get the ware to fill orders, but when they started their men into the smaller cities it was with the sole purpose of shutting the Americans out. How well they succeeded is told in the idle potteries and smokeless kilns of East Liverpool and every other pottery town, but the manufacturers would not be whipped. As stated in the NEWS REVIEW of Tuesday, the local capitalists met and discussed the plan before they attended the Pittsburgh meeting, and more than one was ready to vote for a cut, even though it cost them money to turn out ware at the new price, and they did it.

While many were of the opinion that they could never operate their plants and sell ware until a cut was made there were conflicting ideas as to what it should be. Some favored a drop of only a few per cent, others wanted it a little heavier, but the majority thought the knife should go in as deep as their English rivals have put it. After a long discussion it was decided to adopt the English scale, and sell ware for what the men from over the water dispose of it. This means, according to authorities, a drop of six per cent to the trade, and an equal basis with the importers. Not satisfied with a reduction unprecedented in its scope, the manufacturers went deeper into the surgical business, and decided on an open market at 60 per cent. This means that the unclassified can have that discount instead of the price of the past. In this line it means about 14 per cent which the manufacturers hope to make up in some way. The action was of course unanimous, and as the potters were anxious to get home last night some of them did not figure a comparison with the English list, but those who did say the total cut to them means close to 15 per cent.

A NEWS REVIEW man talked with a number of manufacturers today, and found that many of them were wondering how much they were going to lose by the deal. At more than one office the clerical force, in the absence of anything else to do because of the lack of orders, were working on the new price. All they wanted to know was whether they could make goods at the present wages and compete with England, and if there was a loss what it would amount to at the end of the year taking it as granted that they knew the exact cost of their product. The figures were in long columns, and the clerks bent over them with no less eagerness than the manufacturer. All were anxious to know, and in some places it was evident the factories would be operated at a very small margin if not at an actual loss with the prospects in favor of the last named condition. In response to a question one manufacturer said:

"It was the only thing we could do. They had us by the short hair, and we knew it. If we had not been in the compact prices would probably have been slashed to pieces by this time, but we were in, and now we have a uniform rate for all. I believe we can sell goods at the rate the English are putting them on the market, but of course we don't expect to make a mint of money. The fact is we are going to be pushed like everything to make both ends meet, but it will pay us to drive those fellows who have the pull with the government, from the market. We had to do something, and I believe we adopted the wisest course. Yes I believe all the potteries will run now."

"We are trying to find out how much this cut is going to cost us," said one of the most pushing manufacturers in town, "and we are doing it right now. I hope this placing us on the same selling plane with the English will give us trade, for we need it now if we ever needed it. It is not now with us the cost of production, but what we are going to sell. There was no other way out of it. We had to meet the English price whether we got out of it without losing money or not. It may take six months to find out just where we stand, but we will give it a trial. We cannot let the English get all our trade, and we don't propose to if we can help it. I don't know whether all the potteries will run or whether some concerns will quietly lock up and quit until congress can give us a chance to make ware and give our men good wages, but it looks as though the factories will run for a while. Some may lock up when they find they are losing more than they can stand."

The general opinion is that the potteries will be started at once, and those that have been working with a few men will soon have a full force. The stock in some warehouses is very large, and this will be cut down, according to rumor, as much as possible.

### THEY REMEMBERED HIM.

The Mountford Company and the Potters Gave Presents.

When Mr. Harry Welsh and Miss Nellie Rowe were married a few weeks ago, the friends of the groom at Mountford's pottery decided to give him a present, but deferred it until he began housekeeping. Recently they learned he was not going to take a house at present, and yesterday afternoon they surrounded him, while John C. Owen, the oldest employe on the pottery, in a neat little speech, sparkling with wit, presented him with a handsome 12 piece toilet set. Although surprised beyond measure he responded, after the applause of his friends showed how they appreciated his surprise. Mountford & Co. also gave him a valuable dinner set. Mr. and Mrs. Welsh are happy, and all their friends are delighted to know it.

### WOOL IS CHEAP.

Farmers Are Selling For 12 and 13 Cents.

Reports from various parts of the county show that the wool buyers are moving among the farmers with prices that paralyze the owners of sheep and cause them to swear the ovis aries must leave the hills of Columbiana. To the present time the best offers have been 13 cents, and these are for the grades of wool that would in former years bring three times that amount. Many farmers have sold their clip and have the money in their pockets, glad enough to get anything for what they are beginning to look upon as a dead crop. A well informed farmer said today that there were less sheep in the county now than in many years and the number is decreasing every month.

### THREE OFFICES.

The Epworth League Fared Very Well at Steubenville.

The delegates are home from the Epworth league convention in Steubenville, and are proud because they succeeded in obtaining three good offices. Al Ferren was elected president, Miss Stella McNutt was chosen superintendent of the Junior league, and Miss Orral McCain was a member of the executive committee. Mr. Ferran's place is particularly desirable, since this is the first time the presidency is trusted outside of the ministry. He proposes to do his best in building up the organization. The district comprises the same as the church district in charge of Presiding Elder S. E. Ward, and is the most important in the East Ohio conference.

### A Good Gait.

George McGinnis, clerk at the East Liverpool freight depot, is feeling good these days because he owns a horse that is making good time. His possession it "Little Gretta," now in training at Fairview W. Va., and yesterday she made a record of 2:24.

### Picnic Saturday.

The Ceramic City Club, (not the Cyclers organization) will give their first annual picnic and dance at Rock Springs Saturday evening. They will occupy the grounds from 7 to 12 o'clock.

## BARNES AFTER BOODLE

He Will Sue George Buxton For Money.

### BECAUSE OF A RECENT ACCIDENT

He Ran Into a Wire Netting Which Protected a Grass Plot in Front of the Buxton Residence, and Was Hurt to That Extent Where He Can Only Be Re-compensed by \$1,500.

What promises to be the most peculiar case known in the annals of the county will soon, in all probability, be filed at Lisbon.

On April 6 William Barnes was walking along Sixth street near the residence of George Buxton. The house, as almost everyone in the city knows, fronts on the street, and a small grass plot in front of it was protected by a wire netting. It was 8 o'clock in the morning when Barnes reached this spot, and saw an acquaintance on the other side of the street. Turning hastily he started to run across the street, and collided with the netting. He was injured, and says the injury was of such a nature that he can not fully recover. Because of his condition he has placed his claim in charge of an attorney who asked the owner of the property to pay \$1,500 for a settlement. Buxton refused to pay a cent, and the case will find its way into court, where the damages will be decided. In speaking to a reporter last night, Mr. Buxton said he did not believe he was liable. The netting has long since been removed.

When the matter finds its way into court the question of obstruction in this way will be settled. If Barnes collects damages because of the netting, any person falling over the low fences surrounding grass plots between the pavement and curb in front of many residences can do likewise. A verdict for the injured party would do much toward discouraging the cultivation of such beauty spots in the city.

### WILL PLAY AGAIN.

The News Review Newsboys Want Another Game.

"We'll play it over." "We'll play 'em any time they want." "We beat 'em fair." "Now they're squealing." These and a dozen other expressions were heard in the office of the NEWS REVIEW yesterday afternoon when the newsboys learned the Crisis boys were "squealing" on the ball game. They were mad all the way through, and they didn't care who knew it. They claimed they had played a fair and square game, and authorized the insertion of a challenge to play the Crisis again, and a half dozen called at different times this morning to see if it would appear tonight.

### A NOVEL EXPERIENCE.

For the First Time in 25 Years Cross Kerr Is Out of a Job.

Cross Kerr, the well known contractor and stone mason, was as blue as the sky in summer yesterday, and all because of a novel experience which he did not like as well as a gift of a million dollars. The cause of his woe was the loss of work. For the first time in a quarter of a century he did not have another job waiting when the one on hand was completed. There has been very little building in the city since the panic came on, but a good season is expected next year. Many people in town are awaiting good times to build.

### GOING TO BOSTON.

Agent Adam Hill Wants a Car For the Endeavorers.

W. A. Hill and other prominent Christian Endeavorers are preparing to attend the big meeting in Boston next month, and Adam Hill, the ever genial and obliging agent, is doing all in the power of man to send them in style over the Pennsylvania line. He is endeavoring to have a Pullman placed here for the benefit of the party, and as an accommodation for the delegates and many others desiring to make the trip. It is expected that they will number in the neighborhood of 25 when the train leaves on July 8.

### Waiting for a Rise.

That there will be a steam yacht here this summer seems assured, and the question is only one of time and a rise in the Ohio. The statement made in the NEWS REVIEW yesterday that James Brannon and John Buchheit would purchase the yacht Alceda, at Pittsburgh, was confirmed by Mr. Brannon this morning. He said they were negotiating for the yacht, and would know definitely this evening. If the Alceda is not purchased they will bring a naphtha here as a last chance. The Alceda is preferred, as it

can make 16 miles an hour, and Mr. Brannon thinks he could accomplish two trips daily to Wheeling. The river is now too low to cross at a point just below lock one and Duff's bar, and unless there is a rise the Alceda cannot be brought here. A barge will be attached for the excursion trade. The yacht will be here before July 4, whatever style it may be.

### HARD ON THE LAWYERS.

Judge Taylor Has Been Annoyed by Continuances.

Special to NEWS REVIEW. LISBON, June 13.—Judge Taylor has been here four days, and the attorneys of the county have been so dilatory that he has heard nothing but motions for continuance until people around the court house are wondering how he can stand the annoyance.

That noted case involving 26 kegs of wire nails valued at \$26 was appealed here today by Schneider. Burford Bros., are the defendants.

A few other minor cases were heard, the most important being a judgment against R. Thomas & Sons by default for \$553, the claimants being Walters & Wynn.

Marriage licenses were issued today to James Shelton and Jane Price, both of East Liverpool, and to William Hays and Ada M. Fisher.

### THAT NEW ROAD.

Prospects Are Brighter For It Than Ever.

The announcement that the electric across road the county was a certainty is a little premature according to interested parties although there is no denial that arrangements are being made to effect an organization. That is the easiest part of the project, and little attention is being paid to it the principal point being that regarding the topography of the county. What the company want is proof that they can have some return from their investment. Complications may prevent the building of the line.

### IN BATTLE ARRAY.

The Grand Army Boys Are Having a Good Time at Sandusky.

Special to NEWS REVIEW.

SANDUSKY, June 13.—A vast crowd is here attending the department encampment, and the East Liverpool contingent are enjoying it as much as any. The event of yesterday was the parade, and the appearance of Governor McKinley and General Bushnell in a carriage together. The old boys cheered them to the echo, and as they passed by one could not hear the music of the bands for the continued hurrahs. It was a spectacle not one who saw it will ever forget.

### STILL SERIOUS.

Mrs. John Smith May Not Recover From Her Illness.

Mrs. John Smith, of West Market street, who took strychnine with suicidal intent yesterday morning, is still in a critical condition and may die. Although everything possible is being done to promote her recovery her weak condition is against her. The attending physician says her chances are small.

### The McFadden Case.

Much interest is being shown in the McFadden case to be tried before Mayor Gilbert tomorrow afternoon. Witnesses are being secured, and there will be a crowd present to hear what the decision will be. The saloon men say the time was right, and McFadden was closing according to the generally accepted time in the city, but the police do not show themselves as being worried to death over the matter, and only smile when questioned regarding what kind of case they have.

### Smith Was Fooled in Salem.

H. A. Smith, the chap who represented himself in this place as seeking young woman to put them into profitable employment but was proven an imposter, appeared in Salem where he endeavored to work a similar game. A few residents dropped on to the game, but Smith had caught the scent of pursuit and hastened away leaving a board bill, and several disappointed people. Advice from Chicago show that he is sailing under false colors, and should be given a lesson.

### The New Athletic Club.

The East Liverpool Athletic club, the only organization of the kind holding a charter in Columbiana county, are fixing up their rooms for events which will interest as well as amuse. A ring has been procured and glove contests will be the order of the day. The club is now getting in shape for all kinds of athletics.

### No New Cases.

The city jail has been empty since yesterday morning, and not one new case has appeared in the two days in mayor's court.

## ALL ARE AFTER GOLD

People Who Won't Pay Must Stand Trial.

### NEW CASES IN SQUIRES' COURTS

A Smith's Ferry Machinist Gets After Well Drillers—That Tailor's Bill—Groceries Bought Long Ago Appear in a Suit—Trial for Shooting Fish.

People who want money badly enough to go to law for it these days are as thick as flies, and Squire Rose caught the majority yesterday and today.

Among the most interesting cases is that of John Childs versus S. M. Crawford and F. J. Farmer as Crawford and Farmer, the men who are drilling the Diamond well. The plaintiff is a Smith's Ferry boiler and machine shop man and sues to recover \$73.10 for machinery furnished. He has also sued F. J. Farmer for \$13.71, claimed due for goods, and both cases will be tried on Saturday morning at 9 o'clock.

A. G. Minehart entered suit today against Joseph Deakin, one of the principal stockholders in the East End pottery, with which Minehart was for a time connected, for \$3.75. The amount is claimed for goods purchased. Trial on Tuesday at 9 o'clock.

T. C. Jenkins, of Pittsburgh, today sued W. J. and H. B. Harvey for \$63.17 claimed due for goods sold while the defendants had a grocery on Washington street. Trial Monday at 1 o'clock.

C. Smith & Sons sue Theodore Lessell for \$33.50 for goods sold. Trial Saturday at 9 o'clock.

Jefferson and Harlan Smith appeared before Squire Rose last night and pleaded not guilty to shooting fish in Beaver Creek. They demanded a jury and will be tried on Wednesday morning next at 9 o'clock.

Joseph Kenney sued Amelia Wassignay today for \$40.27 and the case will be tried at 8 o'clock Saturday morning.

### Have a Care.

A certain well known married man of East Liverpool, connected with newspaper work, is liable to get into serious difficulty in case he does not exercise greater common sense than he has been displaying of late. His wife is a most estimable lady and is respected and esteemed by all who have the honor of her acquaintance. Last night, at a late hour, the husband was seen at a point near the Horn switch, in company with two female residents of unsavory reputation. He was very loving and attentive to the soiled doves, and his actions attracted much attention. He should receive a good horsewhipping and be dipped in the Ohio.

### Preparing For Games.

The base ball enthusiasts at Spring Grove have had the grass mowed on the Diamond and are now ready for victims.

The rain caused no discomfort at the campground last evening, but was welcomed by the many cottagers as a relief from the heat. More families have been added this week, Erwin Dunlap and sisters and Mrs. Herbert and sons being among the new arrivals.

### To Teach in Columbus.

H. E. Hall, of East End, left this morning for Zanesville from where he will go to Columbus and take charge of the normal department of a business college until September 15. He then returns to Boston college to resume his studies for the ministry. Mr. Hall has already shown himself as learned as many full fledged preachers and unbounded success can be predicted for his future.

### Invitation From Wellsville.

The ladies of the United Presbyterian church of Wellsville who are interested in missionary work have invited the East Liverpool and East End ladies to break cake with them tomorrow evening.

### A Successful Fete.

Several couples from East End and the city proper attended an enjoyable lawn fete given by the Endeavor Society in Smith's Ferry last night. The young people cleared a neat sum from the affair.

### Will Play Tomorrow.

The Burford and Cartwright pottery clubs will play ball at West End tomorrow afternoon. Burfords have lost one game out of four so far.

### Suffers With Rheumatism.

John Finley, of East End, is laid up with an attack of rheumatism and an addition of nervous troubles, but is not seriously ill.

## Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice and a list of

of 14 letters from the eye with ease and accuracy. Also will be able to read it

with and without spectacles. If unable to do so your eyes are defective and

should have immediate attention. The cause may be nearsightedness, farsighted-

ness, or astigmatism. If the cause is nearsightedness, the eyes will be strained

and the head will be thrown forward. If the cause is farsightedness, the eyes

will be strained and the head will be thrown backward. In either case the

eyes will be injured and the vision will be impaired. It is therefore of the

utmost importance that the eyes should be examined by a competent oculist

and that the proper spectacles should be worn. The use of unsuitable spec-

## WARNED BY CLEVELAND

## A Proclamation Against Filibustering Issued.

## THREATENED WITH PROSECUTION.

Any Violation of the Neutrality Laws Will Be Met With Rigorous Punishment—Spain to Be Given No Cause to Complain of Our Negligence.

WASHINGTON, June 13.—Secretary Olney is thoroughly determined that the United States government shall do all in its power and all that international law requires to prevent the violation of United States territory, by persons who undertake to make it a base of hostile operations against Spain, with which power it is at peace. Complaints have reached the department of state through the Spanish minister that men are being recruited on American soil, and that armed expeditions are leaving our shores for the purpose of attacking the Spanish forces in Cuba. Whenever the necessary evidence can be procured these infractions of the law of the United States are to be severely punished, for the secretary of the state will leave no just ground for complaint that the United States has failed in its obligations to other nations. Meanwhile, however, it has been deemed proper to give formal warning to misguided people of what they may expect, so the following proclamation has been issued from the state department, signed by the president and secretary of state.

"Whereas, The island of Cuba is now the seat of serious civil disturbances, the country is being invaded by the army of Spain, a power with which the United States are and desire to remain on terms of peace and amity; and

"Whereas, The laws of the United States provide that their citizens, as well as all others being within and subject to their jurisdiction, from taking part in such disturbances adversely to such established government, by accepting or exercising commissions for warlike service against it, by enlistment or procuring others to enlist for such service, by fitting out or arming or procuring to be fitted out and armed ships of war for such service, by augmenting the force of any ship of war engaged in any such service and arriving in a port of the United States and by setting on foot or providing or preparing the means for military enterprises to be carried on from the United States against the territory of such government.

"Now, Therefore, in recognition of the laws aforesaid and in discharge of the obligations of the United States towards a friendly power, and as a measure of precaution, and to the end that citizens of the United States and all others within its jurisdiction may be deterred from subjecting themselves to legal forfeitures and penalties.

"I, Grover Cleveland, president of the United States of America, do hereby admonish all such citizens and other persons to abstain from every violation of the laws hereinbefore referred to, and do hereby warn them that all violations of such laws will be rigorously prosecuted; and I do hereby enjoin upon all officers of the United States charged with the execution of said laws the utmost diligence in preventing violation thereof and in bringing to trial and punishment any offenders against the same."

## FAVOR FREE SILVER.

Ohio Prohibitionists Want Both Metals at 16 to 1.

ELLIS NAMED FOR GOVERNOR.

Thompson Endorsed For U. S. Senator and a Full State Ticket Named—National Banks as Handy as Postoffices Wanted—The Convention Adjourns.

SPRINGFIELD, O., June 13.—The Prohibition State convention has adjourned. The financial plank adopted was as follows: "The money of the country should all be of legal tender, issued directly to the people on ample security in such quantities as the people may demand, and to all at a uniform rate of interest. To this end the government should establish real national banks as it does postoffices wherever convenience of the people demands. Until such a financial system can be established, we favor free and unlimited coinage of silver and gold at ratio of 16 to 1 as temporary relief."

The following ticket was named: United States senator, R. S. Thompson, Springfield; governor, Seth H. Ellis, Springfield; Warren county, lieutenant governor, J. W. Sharp, Mansfield; attorney general, W. C. Bates, Columbus; auditor, A. S. Caton, Coshocton county; treasurer, J. W. Hawkins, Steubenville; supreme court judge, John T. Moore, Jackson county; supreme court clerk, David T. Speyer, Richwood, Union county; board public works, James Benjamin, Zanesville.

Coal Hoppers Fired.

NEILSONVILLE, O., June 13.—Juniper Bros. & Lampman's coal hoppers at mine No. 3, near Buchtel, have been burned to the ground. There is no insurance, and the loss is heavy. The fire is supposed to be of incendiary origin. About 75 men went to work there last week before the vote on the scale was counted, and some have hinted that some one may have taken offense at this, and by this manner sought vengeance.

Kilbourne Named by Young Thurman.

COLUMBUS, O., June 13.—Hon. Allen W. Thurman, chairman of the Democratic state executive committee, states to your correspondent that the Democratic state convention will adopt a silver plank of the most decisive character. He also expressed the belief that Colonel James Kilbourne of Columbus would be the nominee of the party for governor. He said that there was no question about Colonel Kilbourne's acceptance.

Saloonkeepers Will Retaliate.

AKRON, O., June 13.—The Saloonkeepers' association has organized a law and order league of its own and has announced to the mayor, through its attorney, I. H. Phelps, that it proposes to prosecute, under a city ordinance, any persons who sell soda water, lemonade or other soft drinks on Sunday within the city limits. Saloonkeepers say they take this step in retaliation for proceedings brought against them.

To Enforce Sunday Observance.

YOUNGSTOWN, O., June 13.—Acting under pressure from the Civic Federation, the chief of police has issued orders for the closing of all places of business hereafter on Sunday. The order is intended to include ice cream and soda water stores, fruit stands and cigar stores. It will be the first attempt in the history of the city to enforce strict Sunday observance.

Rev. Philip Phillips Ill.

DELAWARE, O., June 13.—Rev. Philip Phillips, the world famous evangelist, is critically ill at his home on Oak Hill avenue, in this city. He has been sick for about four years, suffering from consumption. His condition is such that nothing certain can be said as to any turn in his sickness, though for the past two days a sudden turn for the worse would not be unexpected.

Confessed Theft Before Suiciding.

YOUNGSTOWN, June 13.—J. E. Jones of Kent, O., has shot himself through the head here, dying instantly. It now transpires that Jones had just been married within a week of the death of his first wife, and just before he killed himself he confessed that he had been stealing from the Pittsburgh and Western Railroad company.

Campbell Favors Kilbourne.

COLUMBUS, June 13.—Ex-Governor James E. Campbell, in an interview, suggested that Colonel Kilbourne, a wealthy manufacturer of Columbus, would make a strong candidate for governor. Colonel Kilbourne is a silver man, but is not in favor of any declaration for free coinage this year on an independent basis.

McKinley Can't Attend.

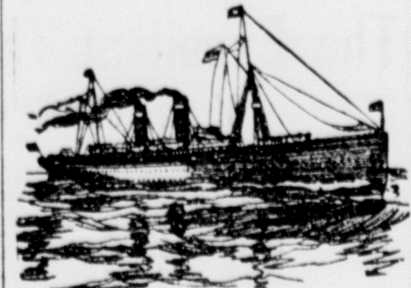

CLEVELAND, June 13.—Word comes from Columbus to the effect that Governor McKinley has decided that he cannot accept the invitation to speak at the Republican League convention. He had promised to talk at the Kansas Chautauqua on the same day and will keep that appointment.

## THE MAJESTIC ST. LOUIS.

The New American Liner Makes Her First Landing at Southampton.

SOUTHAMPTON, June 13.—The new American liner St. Louis arrived here this morning on her first trip from New York. When she arrived at the dock, most of the male passengers were on deck watching the operation, among the others being Sir Julian Pauncefote, British ambassador at Washington, accompanied by one of his daughters.

On the fourth day out the steam steering gear got out of order and the hand wheel was used for several hours. The steam gear was repaired, and worked perfectly the rest of the voyage. A heavy fog kept the St. Louis in New York bay until 4 o'clock Wednesday afternoon, but from the time she passed Sandy Hook the weather was all that

could be desired. The passengers spent most of the time on deck. All were delighted with the voyage.

Old Woman Confesses Crimes.

LANCASTER, Pa., June 13.—Mrs. Hettie Good, aged 61, has died here. Before death she sent for William Griffiths, who had been her lover 40 years ago, and told him that their intimacy had resulted in the birth of a child, and that she had dashed out its brains and buried the body in the yard. The next day she sent for a minister of the Methodist church, of which she had been a strict member, and confessed to him that she had been instrumental in killing her grandmother, Mrs. Hutchinson, some time after the murder of the child, by giving her an overdose of drugs during the old woman's illness.

Reformed Church Synod Adjourns.

GRAND RAPIDS, June 13.—The Reformed Church general synod adopted strong resolutions against saloons and called upon the church to discourage the rum traffic by all practicable means. The clerks at securing the closing of business houses on Sunday. The synod then adjourned to meet next year at Catskill, N. Y.

Sentenced For Life.

BROOKLYN, June 13.—John Borbman, who was convicted of murder in the second degree in causing the deaths of the two boys, John Seims and Henry Knoop, who were found suffocated by gas here in Miller's hotel on the morning of Feb. 17, has been sentenced to Sing Sing for life.

A Foolhardy Young Man.

NEW YORK, June 13.—Robert McCullom, an adventuresome young gentleman, will undertake to cross the Atlantic in an 18-foot keel boat. The start will be from the battery, from which point McCullom's small craft will be towed down the bay.

Debs Taken to Jail.

CHICAGO, June 13.—Eugene V. Debs has been taken to the Woodstock jail with his associates. He explained his failure to turn up at the appointed time by saying he was sick and over slept himself.

Solomon Mann's Sister Indicted.

NEW YORK, June 13.—The grand jury has indicted David F. Hannigan for murder in the first degree for shooting and killing Solomon H. Mann, the betrayer of Hannigan's sister.

Nearly Murdered by a Servant.

CHICAGO, June 13.—Mrs. Albert C. Hooke of 4430 Berkeley avenue has been attacked by her servant girl, Mary Brown, and very nearly murdered. The girl escaped.

Harmon Visiting His Daughter.

WASHINGTON, June 13.—Attorney General Harmon has gone to Philadelphia on a short visit to his daughter. He expects to return to Washington next Friday.

Died of Starvation.

READING, Pa., June 13.—Word comes from Ridgewood, a few miles below this city, of the death of Mrs. Lena Breidenbaugh, of starvation, she having partaken of no food for 48 days.

Rain Stopped the Game.

WASHINGTON, June 13.—In the last half of the fourth inning yesterday a heavy shower of rain began, and for that reason Washington was probably saved from defeat. The score stood 5 to 1 in favor of the Cincinnati team, Hogreiver had made a base hit, second base had made five base hits, including a home run by Smith. But one error, that by Gasscock, was made. The attendance was about 2,000.

## FRIENDS OF SILVER.

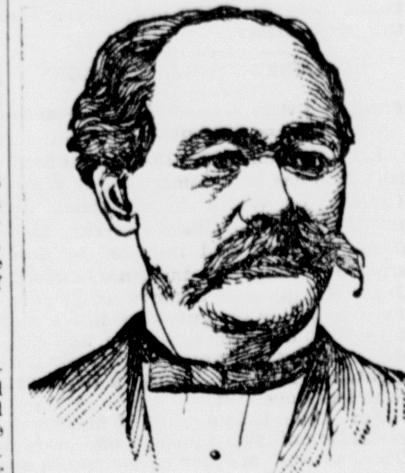

They Are Holding a Convention In Memphis.

SIBLEY AND WARNER ARE THERE.

Senator Turpie of Indiana Presides as Permanent Chairman—Senator Harris the Controlling Spirit—Conservatives and Radicals Lined Up.

MEMPHIS, June 13.—Friends of silver representing 20 states of the south and west are holding a two days' convention in this city. Fifteen hundred delegates, comprising Democrats, Republicans and Populists, but with "honest money" as the slogan of all, filled the lower floor and a large portion of the balconies at the Auditorium when the gathering was called to order. On the stage besides the officers of the Central Bimetallic League of Memphis, under whose auspices the gathering was held, were, with very few exceptions, all the leading advocates of the free coinage of silver in the United States.

They included Senators Bate and Harris, Tennessee; Jones and Berry, Arkansas; George and Walthall, Mississippi; Marion Butler, North Carolina; Tillman, South Carolina; Turpie, Indiana; Governor John G. Evans, South Carolina; ex-Governor Prince, New

SENATOR HARRIS.

Mexico; ex-Governor Eagle, Arkansas; ex-Congressman William J. Bryan, Nebraska; General A. J. Warner, Ohio; C. S. Thomas and Alva Adams, Colorado; Alexander Delmar, California; and congressmen and bankers from Tennessee and adjoining states by the dozen.

The number of people in the Auditorium did not exceed that which greeted Secretary of the Treasury Carlisle upon his appearance here on May 23, but the demonstration was equally as imposing and enthusiastic as the one witnessed on that occasion.

A permanent organization was effected with Senator Turpie of Indiana as chairman, and addresses were delivered by that gentleman and Alexander Delmar of California, Congressman Sibley of Pennsylvania, C. S. Thomas of Denver and Aaron Walcott of Indiana.

Today is being devoted to speeches by some of the distinguished visitors and the consideration of the report of the committee on resolutions, of which Senator Jones of Arkansas is chairman.

Politically, the most significant incident of the proceedings so far is the clear and emphatic statement of Senator Harris of Tennessee, who, it has been already clearly demonstrated, is the controlling spirit in the management of the convention, and as the object of the gathering, and the single subject to which it is expected to confine its deliberations, that of free silver, regardless of political affiliation. The strength of the men who are for silver first, last and all the time, and whose purpose to advance the candidacy of Congressman Sibley of Pennsylvania for the presidency has been frequently manifested, is formidable, and the result of the encounter between these two opposing forces—the conservative and the radical silver men—as it will be shown in the declarations of the convention, is watched with great interest.

TAYLOR WILL SURRENDER.

South Dakota Authorities Say He Will Return Within Ten Days.

SIOUX FALLS, S. D., June 13.—Attorney General Crawford and H. R. Horner and R. W. Stewart, representing W. W. Taylor, have given out an official statement as to the voluntary return to justice of the defaulting state treasurer. Taylor is to make all the restitution possible, leaving comparatively little for the bondsmen to pay, and is to stand trial.

The state has given no assurances, except that Taylor is more likely to be leniently treated if he returns and makes no fight than otherwise. He will be in here inside of ten days. He has been in Cuba, Mexico, British Guiana, Jamaica and Brazil since leaving the United States, but is now in a northern clime.

Russia and the Chinese Loan.

BERLIN, June 13.—It is believed here that the Russian government only desires by the Chinese loan to secure the advance made to China during the war. The Post says that the £16,000,000 loan is so small that greater operations are inevitable, wherein the German market will prove indispensable. The proceedings justify German abstention from the loan, which is to the advantage of Russia.

Japan Occupying Formosa.

HONGKONG, June 13.—The Japanese have made a peaceful occupation of Tamsui and Tai-Pei-Fu in the Island of Formosa. They are administering the customs, and trade is resumed. As usual, the Chinese soldiers, before the fight, threw away their arms. No further trouble is expected.

Gold In Michigan.

ISHPEMING, Mich., June 13.—Specimens of quartz assaying \$20,000 to \$50,000 per ton in native gold have been brought in from Dead River and a number of prospectors have gone there to look for mines. The location is 15 to 30 miles north of this city.

## LOCAL BREVITIES.

George Marcroft is very ill at his home on Fourth street.

The Shamrocks, of this city, will play ball with the Toronto boys on Saturday.

Invitations have been received here for the picnic of the firemen of Wellsville at Rock Spring next week.

Charles Pancake, who has been very ill on Jefferson street, is much better and will soon be able to attend to business.

Company E will meet tonight for drill in the rink, and later the positions of first and second lieutenant will be filled by election in the armory.

The Cavalier and Audobon clubs are playing ball on the West End grounds this afternoon. To the hour of going to press the game has been a wonderful exhibition.

The Lisbon printers have invited the craft in East Liverpool to bring their "takes" and spend a day with them at Shelton's grove on June 20. The News Review acknowledges an invitation.

The rains last night are said by farmers to have done a vast amount of good, but came too late to be of any service to the crops of which they have been complaining. Blackberries and raspberries are said to have been helped.

The river has reached that stage where teams can ford without trouble. They are using the old ford at the foot of Babb island, and succeed in getting over without trouble. Many farmers from the West Virginia side crossed yesterday.

Commissioner Welsh had a force cleaning up the Diamond this morning, much to the delight of business men and pedestrians. When the drilling is done, and the fountain in place the Diamond will again take on its summer beauty.

The members of the medical association will meet this evening, and a lively session is expected since there is business of importance before the society. Among the principal features of the meeting will be the hospital project, which will be paid particular attention.

Young people will be pleased to know that the Frankfort Springs grounds and hotel were formally opened yesterday. The place has been renovated and repaired, making it look as good as new, and a large crowd were present yesterday to eat the first dinner of the season.

Mary G. Baker, whose parents reside in a houseboat near the foot of Union street, was brought by George Hamilton yesterday afternoon from the home for deaf and dumb children. The child is a sufferer with rheumatism and was made as comfortable with quilts and blankets on the train as possible while returning.

In speaking of the hospital project a well known physician said last night that it could never be a go if the idea of doctors putting all their penniless patients on the city through that medium was carried out. In his mind the support of the hospital would in this way cost so much that East Liverpool could not afford to pay the bill.

When Lyman Bluehart was driving on the Jethro road yesterday his horse became frightened and could not be controlled. It kicked hard, and finally sent the buggy over the hill, mashing it so that extensive and expensive repairs are necessary. Bluehart, with his accustomed agility, succeeded in getting out before he was hurt.

Constable Lyons went to St. Clair township after Jefferson and Harlan Smith, who are charged with breaking the law as far as it relates to killing fish, but failed to get the men. They had heard the warrant was out, and quietly slipped away to some mountain fastness in St. Clair township, and the constable knew he would search a long time before he found them. He learned from some of their friends that they would come in and stand trial.

A sad case of illness and destitution has developed in the East End, and the people are indignant at a heartless husband who deserted his wife some time ago. The brave woman fought against fate until sickness overcame her, and then she was compelled to appeal to her friends.

The trustees have been giving some help, but according to their method of doing business want to send the poor patient to the infirmary. Her friends do not want to see this done, and will aid in taking care of her until she can care for herself.

Passengers on a late car from Wellsville were amused last night by the love and affection lavished by two couples from the country on each other. One girl was shy, but her sweetheart apparently never knew the feeling, and the direct opposite prevailed in the other case. The young man seemed to be unacquainted with women, and could not be induced to more than glance at the pretty girl by his side. When the lights went out the passengers heard something that sounded much like a cow pulling its foot out of the mud, and laughed heartily, but the sweethearts only smiled.

## WELLSVILLE.

A MATTER OF MOMENT.

Property Owners Want The Water Works  
Repaired.

Property owners are doing some  
neat electioneering for the bond election,  
urging their friends to turn out,  
and support the movement for an increase  
in the debt. They argue that  
the town is in awful danger at present,  
and a catastrophe may come at  
any moment. The old pile of scrap  
iron, dignified by the name of pumps,  
is said to be in much worse condition  
than the authorities want known, and  
more protection is absolutely necessary  
to prevent a heavy rise in insurance  
rates.

Jolly Crowds of Picnickers.

Many members of the old Tuscarora  
club and their friends took the Water  
Maiden this morning for Meehan's  
grove, where they spent the day  
pleasantly.

The Catholic picnic at Rock Spring  
on Saturday and the firemen's outing  
at the same place next week promise  
to be enjoyable.

The outing of Professor Wolf's  
music class was a most enjoyable  
event yesterday evening. A large  
party of society people from Liverpool  
accepted the invitation of the professor  
to be present, and they danced to  
his excellent music until 9 o'clock.

The picnic across the river that was  
postponed a week ago took place today,  
and the young people spent a delightful  
day.

Washington Has Gone.

George Washington, one of the colored  
men arrested on the river bank  
for bathing within limits where the  
law prohibits, has paid his fine and  
been released, but Alonzo Fisher continues  
to linger. He claims that he  
has \$50 in the bank, but he will not  
draw out one cent to be given the city  
when his only crime was to take a  
bath. Alonzo is a sage in his way,  
and it looks as though the town must  
keep him until Mayor Sinclair decides  
to give him his liberty.

Getting Around It.

Liverpool business men who have  
refrained from advertising their business  
by the medium of bills in this  
place have adopted a less expensive  
method since Quay & Co., paid \$10  
and costs for breaking the ordinance.  
They now arrange with a licensed  
bill poster, who pays \$10 under the  
law for the privilege, and he sees that  
the bills are scattered. It is a little  
more economical than breaking the law.

Gathering Them In.

Two strange men who were arrested  
in the yards for riding on freight  
trains without tickets were gathered  
in on Tuesday night. The mayor gave  
them the usual fine, amounting to \$6,  
and they promised to work it out on  
the streets. As yet the amount of  
work done by this class of prisoners  
has not resulted in the construction of  
fine boulevards and avenues.

Still Very Weak.

Mrs. C. A. Everson returned last  
night from Pittsburg, where she was  
at the bedside of her son, Jack, in the  
Homeopathic hospital. The young man  
is still in a very weak condition  
as a result of the operation performed,  
and although his death may result,  
there are slight hopes of his recovery.

Two Musical Travelers.

The police arrested two traveling  
musicians last night because they insisted  
on riding on a freight train  
when they had no money. One had a  
guitar and the other a mandolin, and  
these were confiscated by the mayor  
until they could pay the fine of \$6 or  
work it out on the streets.

No Robbers There.

A rumor was on the streets this  
morning saying that Reiber's grocery  
store had been robbed last night, but  
a reporter learned at the store that  
the story was without foundation.

In Indiana Now.

Word has come from Ed. Wells announcing  
that he has passed the Indiana  
line, and is thoroughly enjoying  
his long ride.

Personal.

Miss Maude Weaver attended a  
funeral in Salineville yesterday.

SECRET SOCIETIES.

The Junior Mechanics Elect Officers.  
Among the Daughters.

The following are the new officers  
of Pride of the East council, Juniors,  
with the exception of inside sentinel,  
which office has not yet been filled:  
Councillor, Roy Baxter; vice councillor,  
Joseph Mills; junior past councillor,  
Willis Davidson; warden, A. W. Duncan;  
conductor, Charles McKee; recording secretary,  
Howard Moon; assistant, Harry Green;  
financial secretary, Howard Moon; treasurer,  
Ed. Chandler; outside sentinel,  
Homer Owen.

The Daughters of America at their  
last regular meeting initiated three  
candidates and received propositions  
of membership from four of the anxious  
ones. The local council is booming  
and expect to have 50 new members  
before the meeting of the state council  
in Massillon on the first Tuesday  
in August.

Mrs. Lona Morris has received her  
commission as deputy in the Daughters  
of Rebekah.

The Daughters of America at their  
meeting Tuesday evening were pleasantly  
surprised by the Juniors to the number  
of 50, who entered without much ceremony.  
Councillor Miss English made a neat address  
of welcome, to which Willis Davidson responded  
and others made speeches. Then the Juniors  
brought forth ice cream and cake in quantities  
to satisfy all and soon the refreshments  
were being enjoyed. National Treasurer  
Morris was present at the meeting.

About 25 members of Lucy Webb  
Hayes council, Daughters of Liberty,  
attended the funeral of their sister,  
Mrs. William Welch, at 3 o'clock yesterday  
afternoon. Services were held at the home  
of the mother of the deceased, Mrs. Winters,  
Elm street, and Reverend Whitehead preached  
a touching sermon. Those who bore the  
remains to the grave in Spring Grove cemetery  
were members of the order: Clara Hindle,  
Jennie Rowe, Lona McMillan, Lou Bright,  
Lillie Barlow and Florence Jessop.

CHEMICAL ANALYSIS

and a careful microscopical examination of the urine, is a valuable aid in determining the nature of many chronic diseases, particularly those of the nervous system, blood, liver, kidneys, and bladder. These aids make it possible to treat such diseases successfully at a distance, without personal examination of the patient. Thus Bright's Disease of the Kidneys, inflammation of the Bladder, Gravel, and other Diseases of the Urinary Organs, "Liver Complaint," Dyspepsia, or Indigestion, Dropsy and many other maladies are successfully treated and cured without personal consultation with the physician.

Nervous Debility, whether resulting from over study, worry, disappointment, or from exhausting drains upon the system caused by prurient secret habits contracted in youth, through ignorance of their ruinous consequences, is successfully managed, through correspondence, the necessary medicines being sent by mail or express. Write for question blanks, or describe your case, send sample of urine for analysis and enclose 10 cents for postage on treatise, which contains reproduced photographs and full names and addresses of vast numbers of people who have been cured in this way. Address, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.

An Ancient Coin.

Among the possessions of Major  
Adams, dipper at the Laughlin pottery,  
is an English penny bearing the date  
of 1750. It is remarkably well  
preserved for its years, and its only  
disfigurement is a hole, it having been  
at some time worn as a bangle. He  
never saw but one coin like it, and  
that was in a shop in Liverpool many  
years ago. The coin is rare, and  
valued at \$50 by collectors. Mr. Adams  
has a goodly sum of English money,  
and his friends are asking him if he  
will spend it when he goes to England  
next week.

**Cure for Headache.**  
As a remedy for all forms of head-  
ache Electric Bitters has proved to be  
the very best. It effects a permanent  
cure and the most dreaded habitual  
sick headaches yield to its influence.  
We urge all who are afflicted to  
procure a bottle, and give this remedy  
a fair trial. In cases of habitual con-  
stipation Electric Bitters cures by  
giving the needed tone to the bowels,  
and few cases long resist the use of  
this medicine. Try it once. Large  
bottles only 50 cents at Potts' drug  
store.

**TO WATER CONSUMERS.**  
By order of the water works  
trustees, water will be shut off  
from delinquent water consumers,  
commencing Monday, June

THE OHIO G. A. R.

The Yearly State Reunion Being Held  
In Sandusky.

SANDUSKY, O., June 13.—The Twenty-  
ninth annual state reunion of the Grand  
Army of the Republic is in session in  
Biemiller's Opera House. Addresses  
were delivered on behalf of the city by  
Mayor Bouton, and by General M. E.  
Force on behalf of the local posts. The  
convention was then opened in due  
form, and Department Commander  
Nutt delivered his annual address. This  
was replete with statistics, and showed  
that the order is in good financial con-  
dition. There were five divisions in  
the parade, and the column marched  
over the principal thoroughfares of the  
city. The old veterans marched with  
almost as much alacrity as they did in  
1861, and they were heartily cheered  
along the entire line of march.

Among the distinguished visitors are  
Governor McKinley, Senator Calvin S.  
Brice and General Asa Bushnell, the  
Republican candidate for governor.

The city is handsomely decorated,  
and the Stars and Stripes are to be seen  
everywhere. It is estimated that from  
10,000 to 12,000 strangers are in the  
city.

Three separate campfires were held  
last evening, at which Governor McKin-  
ley, Senator Brice, General Asa A.  
Bushnell and others made speeches.  
After the campfires Governor McKinley  
started for Chicago.

A Girl's Severe Sentence.

CLEVELAND, June 13.—Mary Flach-  
meyer, a country girl about 20 years of  
age, who was charged with having  
poisoned her babe with baris green, has  
pleaded guilty to manslaughter in the  
criminal court, and was given the ex-  
treme penalty of the law, 20 years in  
the penitentiary.

MURDERED THREE PERSONS.

Fleishish Crime Committed by Drunken  
Farmers, One Being Killed.

LITTLE ROCK, June 13.—A most fleish-  
ish crime has been committed at Willis'  
Landing on White River, about five  
miles from St. Charles, Ark. Mad-  
dened by drink and impelled by a de-  
sire to revenge an imaginary wrong,  
John Kemp, with a party of friends,  
fired a volley of shot into a tent  
filled with defenseless women and chil-  
dren, killing one woman and a boy on-  
right, and fatally injuring a little girl,  
who has since died.

For some time a party of fishermen,  
consisting of two families, one named  
Thomas and another whose names are  
not known, have been camping in a  
tent at Willis' Landing. Farmers in  
the neighborhood accused the fisher-  
men of killing their hogs. One day last  
week Kemp went to the tent, and in  
the absence of Thomas and his compan-  
ion, used vile language to the women of  
the party. A warrant for Kemp's ar-  
rest was afterward sworn out by  
Thomas, but was never served.

At the time of the tragedy Kemp and  
six or seven companions, all under the  
influence of liquor, rode up to the tent,  
and without waiting to learn who was  
within, began pouring a volley of shot  
through the canvas. Besides the ca-  
sualties given above, one of the fisher-  
men was shot through the ankle, ren-  
dering amputation of the member nec-  
essary. Thomas secured the only gun  
in the tent and fired upon Kemp, kill-  
ing him instantly. After that the  
others of the assaulting party fled. The  
coroner is investigating, and arrests  
will likely be made.

Sued For Betraying a Little Girl.

HUNTINGTON, W. Va., June 13.—J. F.  
Michael, a leading citizen, and the  
owner of some of the most valuable  
real estate in the city, has been sued by  
Mrs. B. J. Pritchard for \$30,000 dam-  
ages, and the affair has created a pro-  
found sensation. Mrs. Pritchard al-  
leges that Michael has led her 13-year-  
old daughter astray. It is only a week  
ago that police arrested him in company  
with the child, and he said then that  
he was instructing her, and desired to  
have the child educated. He is more  
than 70 years of age.

Declared For Free Silver.

CAREY, O., June 13.—At the Demo-  
cratic senatorial convention of the  
Thirty-first district, comprising the  
counties of Seneca, Wyandotte and  
Crawford, resolutions were adopted de-  
claring for the free coinage of silver.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beavers-  
ville, Ill., says: "To Dr. King's New  
Discovery I owe my life. Was taken  
with La Grippe and tried all the phys-  
icians for miles about, but of no avail  
live. Having Dr. King's New Dis-  
covery in my store I sent for a bottle  
and began its use, and from the first  
dose began to get better, and after  
using three bottles was up and about  
again. It is worth its weight in gold.  
We won't keep store or house without  
it." Get a free trial at T. L. Pott's
